*We invite you to join us on the road to the future – a road where biological solutions drive stronger business, a cleaner environment and better lives.*

## **TECHNICAL SERVICES MANAGER – INDUSTRIAL WASTEWATER TREATMENT**

We are seeking an energetic, results-oriented Engineer to manage an Industrial Wastewater Technical Services team and to provide technical support to sales, subsidiaries, distributors, and end users. This individual will provide project management, engineering services, technical guidance, and manage laboratory treatability studies. Responsibilities will include preparation of proposals for field trials, application follow-through including on-site service. Additionally, this position will conduct field evaluations of pre-commercial products as well as participate in new product/technology development relative to customer needs. The successful candidate should have excellent project management, communication and interpersonal skills. Refinery or petrochemical experience preferred.

### **Requirements**

- M.S. in Environmental Engineering, Chemical Engineering, Environmental Science, or related discipline or a B.S. in related discipline as previously noted with 7-10 years industry experience.
- Demonstrated commitment to excellence in industrial wastewater treatment systems engineering.
- Professional Engineer's license required.
- Excellent oral and written communication skills – samples desired.
- Proficiency in Microsoft Office.
- Ability to multi-task in a fast-paced environment.
- Strong project management and organizational skills.
- Ability to work successfully in a team environment with demonstrated ability to interact effectively within and across departmental lines.
- Ability and willingness to travel - U.S. and international - (30-50%).
- Ability to work in the U.S. without sponsorship.
- Relocation to Salem, VA preferred, but not required. Relocation assistance may be available to qualified candidate.

Novozymes Biologicals offers an attractive starting salary and comprehensive benefits package. Interested and qualified candidates are invited to submit a cover letter with salary requirements and resume in MS-Word format to:
